

An Open Letter.

From the chapin, S. C. News: Early in the spring my wife and I were taken with diarrhoea and severe were the pains that we called a physician who prescribed for us, but his medicines failed to give any relief. A friend who had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy on hand gave each of us a dose and we at once felt the effects. I procured a bottle and before using the entire contents we were entirely cured. It is a wonderful remedy and should be found in every household. H. C. Bailey, Editor. This remedy is for sale by Webb Bros.

THE BIG CONVENTION.

Notes Of The National Dunkard Gathering At Carthage.

"One of the questions to be considered by the Brethren conference here," says the Press, "is their church name. The name used most among them is that of 'Brethren.' They are popularly known as Dunkards, Dunkers, Tankers, Dunk and Brethren, German Baptists, German Baptist Brethren, etc. The denomination has its rise in Germany and the corporate name of the organization is still 'German Baptist Brethren,' but the fact that a very small percent of the membership are now German speaking people makes the name really a misnomer, and it is now proposed to change it. But little matter what this or future conferences may decide, so long as this people continue to be what they have been and what they are, they will be entitled to the name 'Brethren.' Everyone acquainted with the Brethren knew that the fellow feeling, the spirit of common brotherhood and fellowship is highly cultivated among them. They meet from Philadelphia to Los Angeles and greet each other as 'Brethren Wm' and 'Brethren John.'"

They meet in national conference every year and these meetings are not only attended by the delegates and all members of the church but by the laity from every part of the United States.

Of the thousands who are now gathering in Carthage to attend the conference perhaps less than four hundred will make up the delegate body and the voting power of the conference. But every member is interested in the work of the conference and every member who can go will be in Carthage during the next few days.

When it is remembered that the entire membership of the denomination does not exceed 100,000 it will be granted that the fact that a large number of people are now arriving and the thousands that will be thronging the streets during the next few days show that they have a love for a spiritual which is at least one characteristic that justifies them to name 'Brethren.'

What They Eat.

Figures show the amount of food consumed at the park sound not unlike the report of some army commissary—save, of course, the quality. No soldiers were ever so like German Baptists. Yesterday, the dining room used 20 dozen bunches of radishes, today lettuce was the fresh vegetable served and it took 40 dozen bunches to go round. These two articles are furnished on contract by D. A. Jenson, a local gardener. The Hill dairy furnishes the cream. Yesterday 60 gallons were used and today 100; tomorrow the calls for 150. For the big staid 100 gallons of ice cream has been bought of B. S. Boles. This will be dispensed tomorrow. For the stand trade today and tomorrow 30 bunches of bananas, 15 boxes oranges, 15 boxes of lemons and 300 pounds of peanuts were purchased.

By tomorrow night 75 bushels of potatoes will have been eaten at the dining hall. For breakfast tomorrow "ham and eggs" will be the feature. The cooks will fry 1000 pounds of the former and 100 dozen of the latter for this meal alone.

The contract for groceries was given some time ago to Carpenter & Osborn and the bill called for about \$3000 worth. Present indications however show that \$5000 will about pay the bill when the meeting ends.

A ROTSCHE ROBBED OF \$18.

Had His Pocket Picked On A Missouri Pacific Train.

A Rotseh, of near Caytown had his pocket picked Saturday morning as he was going to Carthage on a Missouri Pacific train. His loss was a pocket book containing \$18.

The report is that a stranger jostled against him in his seat just as the train pulled into town, apparently trying to get something out from under the seat. Several people bumped against the stranger just at this juncture when made him jostle against Mr. Rotseh all the harder. After Mr. Rotseh got off the train he found that his pocket book was gone. He thinks the stranger who was bumped against him was the man who got his money and that the bumping proceeding was all a put up job.

A SCHOOL BUILDING BOON.

Wonderful Record In This County For The Past Year.

The vote in favor of a new school building at Jasper yesterday, as reported in last evening's Press, adds to an interesting list of new school buildings in Jasper county.

In this county the past year alone new school buildings have been voted as follows: Joplin, \$30,000 8 or 10 rooms; Webb City, \$10,000, 4 rooms Jasper \$8000, six or eight rooms; Range, Line \$6000, 4 rooms, Prosperity \$2,000, 2; Chitwa \$1,400, 2 rooms; Stony Point, \$700, one room; High Hill to build a one room house from proceeds of the sale of timber on 40 acres of land belonging to that school district. In but one district in the county in which a proposition to build was submitted to a vote did it fail to carry. That was in the Georgia City district.

It is proper to add that two costly school buildings in this county are now in process of erection which were authorized by a vote taken previous to the past year. These are the \$75,000 High school building at Carthage and the \$25,000 High school at Cirterville. This makes a wonderful record for one county.—Press

Does Fertilizing Pay.

A burning question with Missouri farmers just now is, "Does it pay to fertilize?" "Last year, upon June 15," says Judge Simon Isenhower, a leading Barton Co farmer, to the Lamar Democrat, "I planted 20 rows of corn. In one box of the planter there was fertilizer and in the other there was none. Last fall I gathered the corn. The first 2 rows, one of which was fertilized and one of which was not, I put together. Then I gathered the remaining 18 rows, keeping the fertilized corn to itself. The 2 rows that were fertilized made 1,500 pounds of corn, of most excellent quality. The 18 that were not fertilized made 800 pounds, of an inferior quality. There is no use to inquire, 'Does it pay to fertilize?'"

A spring tonic that cleans and purifies and absorbs all poison from the system. Hollister's Rocky Mountain Tea will make you well and keep you well all summer. 35c. Tea or tablets. J. K. Scholmer.

We have a good Supply of the

Genuine Plymouth Binder Twine

The same twine we have been singing the praises of for years. Don't be fooled by smooth samples and smoother salesmen, who may be in "South America" next season; but come and see the real twine, the "Genuine Plymouth," at our store and get out prices. They are right.

If you want a twine that is worth every cent we ask you to pay for it, look over our stock and if they are not up to date, don't buy them. We have the Gates, Osborne and Henry lines, and REMEMBER, we sell buggies on less profit than anyone else.

LETTER TO MR J C PITTS.

Jasper, Mo.

Dear Sir: Detroit north 25 or 25 a car load, please how much is another paint worth?

Depends on how many gallons you're going to put on to be equal to one of Devoe. Mr. J. Hall, Shelby, Pa. painted 2 houses out east, 5 years ago, lead and oil, and it still looks good.

Last summer bought 10 gallons Devoe for some houses, but 10 gallons left. Mr. N. Avery, Delhi, N. Y. says two houses exactly alike painted one with Devoe, took 10 gallons. The other with some other, took 12 gallons.

What'd you give for those oil paints? Dear in mind, you've got to pay for the painting.

Yours truly
F. W. Dwyer & Co

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Michigan, Pa. made a startling test resulting in a wonderful cure. He writes, "A patient was attacked with violent hemorrhages, caused by elevation of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 11 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. Only 50c at Webb Bros.

Every housekeeper should know that if they will buy DeLance Cold Water Starch for laundry use they will save not only time, because it never sticks to the iron, but because in each package contains 16 oz. — one full pound — while all other Cold Water Starches are put up in 8-pound packages, and the price is the same, 10c. Then again because DeLance Starch is free from all injurious chemicals. It your grocer tries to sell you a 12-oz. package it is because he has a stock on hand which he wishes to dispose of, before he puts in DeLance. He knows that DeLance Starch has printed on every package in large letters and figures "16 oz." Demand DeLance and save much time and money and the annoyance of the iron sticking. DeLance never sticks.
